

NACS 2007 Overview

Thank you for coming by our Booth #1437 during the NACS Show in Atlanta, GA. We appreciate your interest in our display cases and look forward to working with you. This overview provides a recap of our equipment shown at NACS 2007. Structural Concepts' proudly offers the convenience store industry one of the widest selections of refrigerated, heated and combination cases available.

ONE PART *PASSION*, TWO PARTS *SCIENCE*

FUSION

NEW Cold Deli

SELF-SERVE OPEN REFRIGERATED FSO7260R

provides convenient multi-shelf selection. Perfect for offering your customers a complete meal choice at their fingertips! Display salads, yogurts, fruit, desserts, beverages and more! Nominal 6' case available now. 4' & 8' nominal lengths will be available after January 2008.

FSO7260R

FSO7260W

NEW Hot Deli

SELF SERVE HOT DELI MERCHANDISER FSO7260W

offers three levels of heated stainless steel shelving perfect for displaying quick grab & go hot items—pizza, chicken, sandwiches, pasta and more. Designed for dry heat and provides incandescent lighting above and below each shelf. Integrated average product temperature of 160°F. Available after January 2008.

COMBINATION PREPARATION MERCHANDISER FSP72

provides fresh food “made to order” right in front of your customer. Perfect for assembling custom deli subs, pizzas or gourmet salads. Flip up rear ledge provides a handy work area as needed. Innovative over and under pan airflow maintains evenly balanced product temperatures. Lower refrigerated grab and go display area provides meal-to-go convenience and promotes impulse sales. Convenience and style with a fresh approach.

Counter top

SELF-SERVICE REFRIGERATED DROP-IN DO3623R offers reach-in front convenience that's sure to increase impulse sales. Unit drops into existing counter and features our Breeze™ slide-out refrigeration package that's proven to simplify maintenance and expedite service. Innovative air curtain ensures integrated average product temperature of 41°F or less. Multi-shelf design offers merchandising versatility.

NEW REFRIGERATED REACH-IN DO4816R drops into existing counters and provides product selection right at your fingertips. Single level air screen case shown at NACS with our 3" step option. Night curtain and removable security cover options also available. Features our slide-out Breeze™ refrigeration package below the counter.

NEW REFRIGERATED AIR SCREEN with TRAY SLIDE adds grab and go convenience in style. Available in two of our most popular models CO(L)60RT and CO(L)78RT offer a choice of full or cutaway end panel styles.

NON-REFRIGERATED COUNTERTOP cases are available in straight or curved front glass styles. Both styles can be easily reversed to provide rear door access for customer self-service. **CGC2830** Curved Front case shown reversed - Self-Serve at NACS. Shelves are removable and adjustable to quickly accommodate either Service or Self-Serve applications. Clear glass doors and lighted shelves make product selection quick and easy.

Addenda

CSF4231

SELF-SERVICE PASTRY CASE CSF4231 offers an enticing presentation. Full glass doors and glass end panels increase product visibility and creates a tempting display. Swing-out tempered glass front doors provide quick and easy customer access. Ledge base offers convenient access to selection bags and wax tissue dispenser—handy for selecting a baker's dozen!

NEW BOX REFRIGERATED AIR SCREEN B42 case is perfect for end caps and alcoves—anywhere you need a slim 24" profile. Unique built-in air chimney draws air in through the lower front and discharges it out the top front—this allows the unit to fit tight to the back wall or bulkhead. Includes our Breeze™ slide-out refrigeration package for easy service and maintenance. Available in nominal lengths of 3', 4', 6' & 8'.

B42

CO4778R

REFRIGERATED AIR SCREEN CO4778R provides attractive grab & go convenience. Features Breeze™ slide-out refrigeration system and temperature terminated defrost. Innovative front air curtain maintains evenly balanced product temperatures. Removable and adjustable lighted shelves easily adapt to a wide variety of merchandising needs and the rear doors make restocking simple. Shown with our roll-down locking security cover option.
